## UNITED STATES CONSUL MAY BE ASSASSINATED

Edwin F. Trimmer May Have  
Been Slain in Nicaragua  
and Cruiser Is Sent  
to Investigate.

### MADRIZ ORGAN IS INCENDIARY IN TONE

Advises Death to All Ameri-  
cans Should We Continue  
Interference.

WASHINGTON, July 20.—Fear exists that Edwin F. Trimmer, United States consul at Cape Gracias, Nicaragua, may be assassinated, possibly assassinated, and it has been decided to send the cruiser Tacoma to investigate. It conditions demand, marines will be landed to protect American lives and property.

This report was made today by Thomas P. Moffatt, United States consul at Bluefields. The Tacoma has probably reached the scene of trouble by this time.

An article in La Nacion, the Madrid official organ, says in part: "We Nicaraguans have some primitive ideas to which we may resort as a final recourse if it comes to the point where the Yankee tries to execute his threat."

"Let us lay hands on all North Americans residing in Nicaragua. Let us then say to Mr. Taft, 'for each shot you hurl against us the head of one of your countrymen shall roll on the ground.'"

The article also suggests a Latin American coalition as a means for revenge and that no goods be purchased from the United States, "making our people understand that these are the most effective means of combating the common enemy of our race, so proud on account of its power, so insolent on account of its pride, so detestable on account of its insolence."

### TENDERED RECEPTION.

NOGALES, Ariz., July 20.—(Special.)—Delegate Cameron arrived in this city this afternoon and was accorded a hearty reception by the citizens. As the train pulled into the station, whistles blew and cannons roared a greeting to the Arizona congressman. Mr. Cameron was the guest of honor at a reception this evening, meeting and shaking hands with the citizens. He also made a brief address, thanking the people for the cordiality of their welcome and saying that he had no political motives for the visit.

### TICKLED TO DEATH.

WASHINGTON, July 20.—Mutsaers, emperor of Japan, telegraphed to Taft that it had been a great pleasure to him that he had an opportunity of seeing Jacob Dickinson, American secretary of war, during his visit to Tokyo.

### MINING ENGINEER DIES.

LONG BEACH, Cal., July 20.—Arthur Sweet, a mining and railway promoter of Salt Lake, and well known in Utah official circles, died this morning of chronic nephritis. The body will be interred at Salt Lake tomorrow.

### MARQUEZ GETS REPRIEVE

PHOENIX, July 20.—Francisco Marquez, murderer of Peter Hodges sentenced to death, but who has had various stays since a year ago, was granted a reprieve of thirty days by Governor Sloan at the request of the state department.

### CUBAN CONGRESS ADJOURNS

HAVANA, Cuba, July 20.—Congress adjourned at midnight, leaving several important bills to be acted upon. The most important is a measure authorizing a concession to a company the capital of which is chiefly furnished by Americans to conduct a gambling house on a tract of land near Camp Columbia, with bull fights, cock fights, horse and automobile races. The bill was favorably reported by the house, but the senate decided to defer final action until the December session.

### CONSUMPTIVE SUICIDES

PHOENIX, Ariz., July 20.—J. E. Ford, a consumptive aged 32 years, suicided on the city hall plaza this morning. He shot himself in the head.

## UNION MEN GO AFTER WILDCAT PROMOTING

Says Arizona, Utah and Southern California Improving  
But Nevada Scene of  
Operations.

### SUGGEST SIX HOUR LAW FOR TERRITORY

Declare Heat Underground  
Makes Eight Hour Shift  
Nearly Unbearable

DENVER, Colo., July 20.—The report of the executive board of the Western Federation of Miners was made today. It reviews conditions in the mining fields in which the federation is active.

Conditions in Kansas, Missouri and Arkansas are characterized as deplorable. District No. Four comprising Colorado, New Mexico and Utah is more prosperous than last year. Comparatively few miners are idle at present. Efforts are being made to organize 8,000 men employed in the mines and smelters at Garfield, Murray and Bingham Utah. In New Mexico Arizona and Southern California, conditions are improving, but Nevada is still suffering from "wildcatting," and most of the work is being done in producing properties.

The report recommends a federal law wiping out "wildcatting," who it states, exploit a property and leave the miner to hold the bag. Mining conditions are stagnant in Idaho, the greater part of Washington and in California's larger camps.

Railroads and some of the larger mines of California are ignoring the state eight hour law. Conditions in Canada are described as good but little is known of Alaska, because the officials have been unable to send out mail in the winter and steamship service was only recently opened.

The report suggests a six hour law for the mines of Nevada, Montana and Arizona because of the intense heat in the workings. It asserts that more ice is used in the mines underground in Nevada than on the surface, because of the heat; that the miners work with ice packed in their rubber boots. Sometimes they are compelled to stand in water which is at a temperature of 130 degrees. Ninety degrees is the temperature common in the three states, says the report.

The executive committee asks that one day's pay of each union miner be contributed to the defense fund. It is asserted that there are 200,000 miners unorganized and the organization fund will be used to urge them to join.

Charges were formally made against J. P. Madigan, the white falls, Montana, delegate to the convention that he served as a railroad deputy sheriff in the Great Northern strike last winter. Madigan denies the charge. The matter was referred to a committee for investigation.

John Powers was seated as the delegate from Butte union over the contest of W. E. Bradley.

President Meyer appointed a committee authorized by the convention to go to Arizona and New Mexico to investigate the feasibility of organizing a labor union party in the coming elections for delegates to the constitutional convention. T. J. Turner, of Jerome Ariz. is the chairman. The committee was instructed to report to the convention within two weeks.

### TWO-CENT FARES.

OKLAHOMA CITY, July 20.—After today it will be unlawful for any railroad in Oklahoma charging more than two cents per mile for the transportation of passengers to collect any excess charge for cash fares. This is in virtue of an order issued by the State Corporation Commission requiring Oklahoma railroads, charging 3 cents per mile by order of the Federal court, to write or print upon all tickets sold between points in the state the exact amount of the fare. This serves as a receipt upon which the passenger is entitled to collect a rebate in event the supreme court holds that the State can enforce its 2-cent rate.

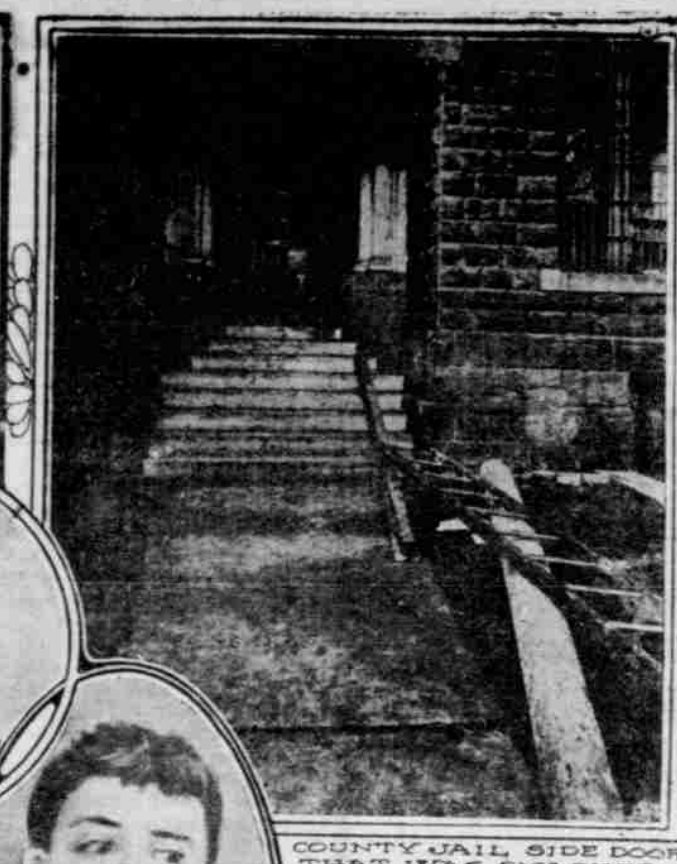

### DIES WHILE PRAYING

LOS ANGELES, July 20.—At the last word of her supplication, "Oh, Lord, receive us unto thyself for Christ's sake, Amen," Mrs. Amelia Davis, mother of W. A. Bonyne, president of the Commercial National bank, dropped dead tonight at the First Methodist church. Mrs. Davis was 82 years old, and was leading the prayer meeting. Her death came at the moment of its close.

## TAFT EXPLAINS GREAT PUZZLE IN STATEMENT

Says His Missive to Roosevelt  
Endorsed No Candidate in  
Ohio Campaign, But Merely  
Introduced Bearer.

BAL HARBOR, July 20.—Sailing from East Port at 8 o'clock this morning, President Taft and party, on the yacht Mayflower, arrived here at 3 this afternoon to remain until Saturday. Taft will devote his mornings to golf and he and Mrs. Taft and other members of the party will be entertained by a number of friends at luncheons, receptions and dinners.

The president will have an important conference tomorrow with P. C. Emery, chairman of the new tariff commission, on the latter's tariff inquiries abroad. Taft hopes to have the entire commission meet at Beverly Hills and tomorrow's conference is preliminary to the gathering.

Reports reached the president of the mystery surrounding the letter he is said to have given Judge Kinkaid of Toledo at Beverly Sunday. According to rumor the letter was an endorsement of Kinkaid as the republican candidate for governor. Taft made the matter clear this afternoon.

When Kinkaid called and said he was going to Oyster Bay, he asked for a letter of introduction to Roosevelt, which was gladly given.

Taft is still keeping his hands off of Ohio and will give no indication of his attitude prior to the selection of a candidate.

Senator Hale arrived shortly after the Mayflower was sighted and had a long talk with the president. Hale is assisting in the arrangements for the president's trip to Bangor Saturday.

## ELKS FLIER REACHES IOWA CITY SAFELY

NEWCOMB WIRES THAT CAR  
WILL BE IN CHICAGO SATUR-  
DAY NIGHT.

(By Robert Newcomb.)  
CRESTON, Ia., July 20.—(Special.)—We arrived here tonight and will reach Des Moines tomorrow at noon. Our trip has been a hard one on account of bad roads and motor troubles. At Kansas City we changed our car and the machine is working much better. We expect to reach Chicago on Saturday evening. Our arrival in each eastern city is the signal for an ovation for the "Baby State."

Our reception by the Elks in each of the cities of importance we pass through is compensation for all the hardships we have had to endure. All the party are well and we have had no serious accidents. Terrible road conditions have proved our only serious trouble as we were able to make but little progress for several days.

## SUICIDE SAY POLICE WHEN MAN IS SHOT

Officers Refuse to Further In-  
vestigate Mystery Sur-  
rounding Death of  
President Rawn

### PRIVATE DETECTIVES CLASH ON GROUNDS

Stationed About House and  
Premises Sleuths Refuse  
to Answer Questions

CHICAGO, July 20.—Ira G. Rawn, president of the Chicago, Indianapolis and Louisville, "The Monon Route," died of a bullet wound in his summer home at Winnetka early this morning. Members of his family say that he was shot by a burglar. The police are working on the theory of suicide. The basis for this theory is that Rawn was operating vice president of the Illinois Central at the time that the fraudulent car repair contract was put through; that he recently has been drawn into the Illinois Central graft investigation as chief witness.

The police say that the action of Rawn solves his death and are refusing to aid in the search for the alleged murderer. They declare that lack of convincing evidence of any intruder being actually in the house is to be found in the residence. Friends and business associates say that Rawn has been looking badly for several weeks. Some thought that he was worrying over his responsibility and the investigation. On two successive days last week Rawn secured the postponement of his examination on the plea that his wife was ill. The examination was scheduled for next Tuesday.

Rawn left the Illinois Central last November to become president of the Monon. Early in the spring the Illinois Central fraud came to light. At first hearing before the Master in Chancery, Thomas Taylor, Jr., he testified that the car repair contract came under his supervision. He admitted his responsibility for farming out cars to various repair companies, and R. C. Brinkley assumed command of the investigation of his death from the start. A number of private detectives were summoned hurriedly to Winnetka early. A number were stationed at various points around the house and grounds. They were ordered to give no information to persons making inquiry.

The situation was further complicated when a second squad, employees of a second private detective bureau arrived. These stated that they had been ordered to make a full inquiry into Rawn's death. They visited the village police headquarters, talked to a number of citizens of Winnetka and for a time were believed to be employees of the family. But when they went to the Rawn residence they were repulsed by the others. A brief altercation ensued and members of the Rawn family were called to settle the dispute. The second squad was told that it was not wanted.

For a time it was rumored that an insurance company carrying one hundred thousand dollars on Rawn risk, were their employers, but the report is denied. It was then stated that the men were employed by railroad interests.

Several neighbors near the Rawn residence stated that they had heard a single shot about ten o'clock Tuesday night but none on Wednesday morning.

### BRAND BLACK SHEEP.

LINCOLN, Ill., July 20.—A conference of many leading Democrats of Illinois assembled here this afternoon in response to the call issued from Springfield two weeks ago. The purpose of the conference, as set forth in the call is to disavow the action of Democratic members of the State legislature in voting for William Lorimer for United States senator and to discuss plans for the election of honest and capable Democrats to aid in making the laws of the State and work for the adoption of efficient measures to hold legislators responsible at all times to their constituents.

### OFF FOR EUROPE.

SANTIAGO, Chile, July 20.—President Montt, who has been in ill health for some time, started for Europe today accompanied by his wife and physician. The cruiser Esmeralda is to convey the party to Panama, from which point a regular liner will be taken. In the absence of President Montt the office of the executive will be in charge of Elias Fernandez, the vice president.

## MURDER MAY BE SOLUTION OF THIS MYSTERY

Man With Fresh Bullet Wound  
in Head and One in Back  
Found in a Frisco Park  
Yesterday.

SAN FRANCISCO, July 20.—A fresh bullet wound in his back and an unidentified young Hebrew, whose body was found on a bench in Golden Gate Park this afternoon with a pistol at his feet adds to the mystery surrounding the circumstances of his death. According to the police it is a clear case of suicide, but the opinion is that the wound in his back which was roughly dressed will figure prominently in the solution of the affair.

The young man was well dressed. In his hat were the initials "H. R." Two pairs of gold spectacles in a case stamped "J. C. Fleming, 431 South Broadway, Los Angeles," were in his pockets that contained beside only some postal cards and a lead pencil.

The police advance the theory that the man feared to have his wound dressed by a surgeon for fear of investigation. The wound is thought to have been inflicted about two days ago.

## JEROME MEETING SEEKS NON-PARTISAN

CONDEMNS ACTION OF DEMO-  
CRATIC CENTRAL COMMITTEE  
AND WILL APPEAL.

PRESCOTT, July 20.—(Special.)—At a mass meeting held tonight at Jerome of representative citizens, presided over by C. W. Hull and W. C. Miller, a resolution was adopted unanimously that it is the sense of the republicans and democrats of Jerome that it is to the best interests of the new state that the constitutional convention be non-partisan, and the central committees of both parties are asked to co-operate to that end. The meeting was large and enthusiastic. Opinions were freely expressed in opposition to the action taken by the democratic convention held here last Saturday. Similar action to that taken by Jerome is proposed here next week.

### PAPKE-KETCHELL AGAIN

DENVER, July 20.—Announcement was made tonight that Papke has accepted the offer of a local promoter to fight Stanley Ketchell. Should Ketchell accept, the fight will be staged for Frontier Day at Cheyenne, Wyoming, in August. Papke wired that he will allow Ketchell to name the division of the purse. Should Ketchell decline, Papke will claim the middleweight championship.

### CONFERENCE IS ON

PHILADELPHIA, July 20.—The conference between the trainmen and general superintendents of the Pennsylvania railroad toward working out details of the agreement reached Monday was continued today. It is expected that the conference will last a week.

## MURDOCK SAYS FIGHT WILL BE TO ITS FINISH

Declares Arbitration to Be Out  
of the Question and Refuses  
to Listen to Plea of the  
Intervenor.

MONTREAL, July 20.—Vice President Murdock of the strikers, tonight when told that the minister of commerce and labor was trying to get both sides of the Grand Trunk strike together as a basis for arbitration, said: "Arbitration is out of the question. As far as we are concerned, there will be no arbitration. The company did not ask of arbitration until it begged the men to fight to a finish."

Today the Grand Trunk gained ground, but very slowly. More passenger trains were operated. This afternoon the local suburban service was partially restored and a couple of freights made up and started.

TORONTO, July 20.—The second day of the strike was uneventful. Through passenger trains were about on time. No attempt is made to move freight. The freight situation here is serious. The yards and sidings are congested, ice companies are suffering and much perishable freight is being ruined.
